SUBMISSION OF DECLARATION OF MARK WEBSTER
PURSUANT TO 37 C.F.R. § 1.132

Sir:

Applicants Statement in response to Telephonic Interview and Submission of Declaration
under 37 C.F.R. 1.132

Applicants appreciate the courtesies extended to co-Applicant and his representatives during the November 7, 2005 telephonic interview with Examiner Shand. During that interview, the Examiner recommended that co-Applicant Mark Webster, who is also a co-inventor on U.S. Patent 6,678,310 to Andren et al., the patent used in the outstanding rejection of the claims under 35 U.S.C. 102(e), submit a declaration/affidavit testifying to the fact that the subject matter of this application was not disclosed in that patent in order to overcome that rejection. During the interview, co-Applicants and his representatives also supplied evidence distinguishing the claims of this application over U.S. Patent 6,590,889 to Preuss et al.

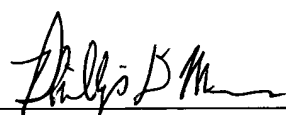

Accordingly, Applicant Mark Webster herewith submits a Declaration under 37 C.F.R. 1.132 distinguishing the claims of the instant application over the Andren patent. Entry of the declaration into the record and withdrawal of the rejection under Section 102(e) as well as the rejection under Section 103(a) are respectfully requested.

Respectfully submitted,
